Town Clerk's Report

To the Voters and Selectmen of the Town of Lisbon:

I herewith submit my report of the financial doings in connection with my office for the fiscal year ending Dec. 31, 1946.

The sum of \$2327.08 was collected for automobile tax permits and was paid over to the town treasurer. This was an increase of \$766.35 over the amount collected in 1945. This increase was due to the return of our war veterans who had not had an opportunity to register their cars for three or four years, and also the ending of hostilities made a few fortunate folks lucky enough to obtain new cars.

The sum of \$6.00 was collected for primary filing fees and was turned over to the town treasurer.

The sum of \$456.20, representing the licensing of 224 dogs, was collected and turned over to the town treasurer. This amount was an increase of \$15.20 over that collected in 1945. There was one less dog licensed this year but the increase in licenses was due to the fact that there were more females licensed this year.

Respectfully submitted,

NORMAN C. FOX,
Town Clerk

LISBON PUBLIC LIBRARY

Report of the Librarian

The circulation of books for 1946 was 14,562. Of these 4,447 were junior and 10,105 were adult. During the year 259 new volumes were added to the library, about a third being non-fiction, a third junior and the remainder adult fiction. Forty-five books were discarded, either worn out or no longer of use.

The book most in demand during the year was "The Egg and I" with Mr. Poole's "White Hills of New Hampshire" a close second. "The Black Rose" led the fiction list with Mrs. Keyes' "River Road" following.

Two new bookcases were added to the Junior Room, relieving a congestion that was fast becoming acute.

Books were given to the library by Mrs. Barbour, Mrs. Clement and Mr. Hutton. Magazines were given by Mrs. Webb, Mrs. Dennison, Mrs. Aldrich, Mr. Morgan, the Grange and the D. A. R.

MILDRED G. CLOUGH,
Librarian

Report of the Librarian

THE RICHARDSON MEMORIAL LIBRARY

Sugar Hill, N. H.

The attendance for 1946 was 1709 and the circulation 990 fiction, 652 juveniles, and 103 magazines.

In April we took out membership in the Junior Literary Guild, the outstanding juvenile book club; their committee of judges is made of four prominent people, one of whom is the well-known Angelo Patri, child psychologist.

During 1946 approximately 150 books were purchased, another 150 borrowed from The Bookmobile and about 100 donated by Mr. Weaver. The latest Funk & Wagnall's dictionary was also added which contains the more recent medical terms and the accepted slang words.

The school children are maintaining their interest in their library and this year the upper grade classes have renewed their book club activities, meeting at the library with their teacher every three weeks to give reports on their current reading.

Donors to the library include Mrs. Richard Meyer, Mrs. Arther S. Walcott, Mrs. Mabel Pazolt, Mr. Joseph W. Fobes, Mr. Ernest Poole and Mr. J. W. Weaver.

Help Your Forest Fire Warden Prevent Fires - It Pays!

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveals the fact that more than 98 per cent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this—

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in and near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES** - his efforts are only as effective as is the cooperation you give him!

W. B. CODMAN
District Fire Chief
